Summary

Fresher Full Stack Developer with hands-on experience in building scalable web applications and responsive user interfaces. Proficient in React, HTML, CSS, JavaScript, PHP, and MySQL, with a strong focus on clean architecture, performance, and user-centric design.

Education

Ayya Nadar Janaki Ammal College, Sivakasi

B.Sc - Computer Science(2023-2026)

CGPA: 7.89

Govt. Hr.Sec.School, Viswanatham, Sivakasi

Higher Secondary

CGPA: 6.80

Publications

"An Analysis of English Proficiency Among Arts College Students Using Data Mining Approach"

International Journal of Computer Science and Information Security (IJCSIS), Volume 24, No. 2, March 2026

Certificates

- Generative AI Professional — Oracle
- Technology Job Simulation — Deloitte
- Data Visualisation — TATA
- Strategic Design Simulation — BCG X
- Claude with Anthropic API — Anthropic
- Python for Data Science — IBM
- Machine Learning Terminology & Process — AWS
- Agile Project Management — HP Foundation

Languages

- Tamil
- English

Projects

Codoz Dataset Generator – Developer Tool (Node Package)

Developed a dataset generation tool as an **npm package** that allows developers to generate structured test data using customizable schemas. Implemented core logic in Node.js, enabling quick integration into development workflows and reducing manual data creation effort.

Usage: npx codoz-data

GitHub: [https://\(your-repo-link\)](https://(your-repo-link))

Greenmate Pencil – Manufacturing Website (Full Stack)

Built a responsive corporate website with a product catalog and company profile, developing the frontend using HTML, CSS, and JavaScript and the backend with PHP and MySQL, along with contact forms, database integration, and basic SEO features.

Live: <https://greenmatepencil.in/> 🌐

Power House – Real Estate Web Platform

Created UI layouts and wireframes in Figma and developed a responsive interface using React, HTML, and CSS, improving user experience through clean visuals and structured navigation.

Live: <https://power-house-tau.vercel.app/> 🌐

Siva Polybags – Business Website

Designed the website layout, banners, and visual elements using Figma and Canva, and developed a responsive static website with HTML and CSS, ensuring brand consistency and intuitive navigation.
